Code Definitions:

ICAO Flight Type

G - General Aviation

ICAO Equipment

B - LPV (APV with SBAS)

G - GNSS

S - (VOR, VHF, RTF, ILS)

D - DME

ICAO Surveillance Equipment

B1 - ADS-B Dedicated 1090 Out

B2 - ADS-B Dedicated 1090 Out + In

S - ID and Alt

**If people are carrying additional emergency equipment with them they should enter in the appropriate information in the correct location. This could include dinghies, life jackets, specific regional survival kits, hand held radios and personal locator beacons.**
